Suggestions for the agenda for next time. If possible establish the date for the next meeting.

Possible Next agenda:

- hear from the Chair etc. about how they want to move forward
- hear from the six groups (a list of the brainstormed list of possible ideas)
- then the group as a whole decides which of the ideas they most want to support
- this gets summarized and voila - we have a short term plan!
- the whole group then gets to decide (again), which of the initiatives they most want to work on
